MINUTES OF THE LAST MEETING

MATTERS ARISING

403. The Clerk had previously circulated an update of the Action Notes from the WMPC meeting on the 6 December and this was noted. The Clerk reported that Dr Langley a HX resident was producing a technical and independent report on the visual effects of the major wind farm proposed off Swanage and Worth by ENECO. It was agreed this would be valuable briefing information. The Council agreed to support the preparation of this report. The Clerk confirmed there would be no resulting financial implications for the PC.

404. Cllr Sandham raised the outstanding issue of use of the Worth Car Park overnight by temporary residents of Worth. It was agreed that this should be encouraged to prevent further congestion and obstruction of narrow village streets. Users of the car park would be asked to make a donation of £2 a day for the length of their stay in the village,. **Action** Cllrs & Clerk.

CORRESPONDENCE

- 405.** The PC discussed the DCC / PDC report and consultation on Gypsy and Traveller sites in Purbeck. Some Councilors had individually responded. The view of the PC was that the proposed sites in Swanage were not satisfactory options being in the area east of Wareham which has low employment opportunities and poor transport accessibility. The PC considered that sites should be provided where there was historical demand around the main road travel corridors from Dorchester to Poole and Bournemouth. Similarly those sites already in existence should be first priority for consideration for additional pitches with sites already owned and settled without consent being given further consideration. **Action** Clerk.
- 406** Cllrs discussed the revised draft of the Housing Needs Study provided by PDC. Cllr Sandham raised concerns about the data now provided and it was agreed he and the Clerk would seek further clarification of individual parts of the revised data base . The PC agreed to note the revised draft PDC report and to defer any further consideration .**Action** Clerk
- 407** The Clerk confirmed that he had booked all Councillors on the PDC Planning workshop which was to take place on 17 January at HXVH at 6.30 pm.
- 408** Cllr Burden and Cllrs Sandham confirmed that they had been contacted direct and that they were progressing with a film company the use of the centre of the Worth village and the use of the village hall for a promotional music video on the 9/10 January.
